Group Benefits Life Conversion Option

Facts about converting your Group Life coverage to an individual policy

As a Manulife group plan member, you may be eligible to convert your group life insurance to an individual policy without having to provide evidence of good health or undergo a medical exam, provided you do so within 31 days of the date your group life insurance terminates or reduces. You can convert your Basic Life Insurance amount and Optional Life Insurance amount (if applicable) up to a combined maximum of \$200,000 (\$400,000 for residents of Quebec) - or as indicated in your group contract. Depending on your plan specifications, you may also be able to convert your spouse's and/or dependent children's coverage to an individual policy. When your group life insurance benefits cease or reduce you may have the following options:

- 1. Convert your (and/or your spouse's) group life insurance to individual insurance. Residents of Quebec may convert Dependant life coverage. You must apply within 31 days of termination or reduction of Group Life Insurance coverage.
- 2. Replace your (and/or your spouse's and/or your dependant's) group life coverage with an individual plan purchased through your financial advisor or a Manulife agent.
- 3. Get new Group Life coverage at your next place of employment.

You may choose one of any of the following three options for an individual policy:

PERMANENT LIFE – This is a Permanent Life policy with the insurance becoming payable at the death of the insured. Your premiums are guaranteed not to increase, we guarantee administration charges won't change and we offer an investment account that guarantees you a minimum interest rate for the life of the policy.

Once your Application for Conversion is received and assessed, additional documentation will be mailed to your attention. It is your responsibility to ensure these documents are completed and returned to Manulife within three weeks of the date on the accompanying letter.

NON-CONVERTIBLE LEVEL TERM LIFE TO AGE 65 – This policy provides temporary life insurance from the date of issue, until the insured reaches age 65. This policy cannot be converted to another form of insurance, and will terminate when the insured reaches age 65 or at death, whichever is earlier. This policy does not participate in dividends.

ONE-YEAR NON-RENEWABLE, CONVERTIBLE TERM INSURANCE – This policy provides temporary life insurance from the date of issue for one year only. This policy does not participate in dividends. It can be exchanged at any time during the one-year period without medical evidence, but only to a Permanent Life policy or Non-convertible Level Term Life to Age 65 policy as outlined above.

For more information about applying for conversion of your group life coverage to an individual policy, contact your employer's plan administrator or Manulife at:

Customer Service Centre: 1-800-268-6195

Note: You may prefer to purchase an individual life insurance policy subject to medical evidence rather than convert your group life insurance. If you would like to explore this option, you can contact the Individual Life Services Centre outside Quebec at 1-888-MANULIFE (1-888-626-8543) and within Quebec 1-888-MANUVIE (1-888-626-8843).

Premium Rates

Your premium rates will depend on the following:

- The type of insurance you choose.
- The amount of insurance you are converting.
- Your age nearest the issue date of your new individual policy.
- Annual or monthly payments.

The chart on page 2 shows annual rates for all three individual insurance plans between the ages of 18 - 80 inclusive. The age is calculated based on the effective date of the new individual insurance plan and the age closest to this date.

Quebec residents only: see page 2 for dependent child rate.

Please contact Manulife if you would like the rates for an age that is different from what is shown here. The annual rates shown are per \$1,000 of life insurance. Policy fees and rates are subject to change.

The annual rates shown are per \$1,000 of life insurance. The minimum partial conversion amount is \$10,000.

For Quebec residents only: The minimum amount required for conversion of a plan member's coverage is \$10,000 and of a spouse or dependant's coverage is \$5,000. The conversion rates for dependants aged 18 or younger are:

Permanent Life	Non-convertible Level Term Life to Age 65	One-year Convertible
Male \$7.63 Female/Non-binary \$7.01	Male \$2.83 Female/Non-binary \$2.12	Male \$2.53 Female/Non-binary \$2.01

Calculating your premiums for <u>Permanent Life</u>:

To calculate the **Annual** premium for Permanent Life product:

Rate (see above rate table) \times number of (\$1,000) units of insurance = annual premium before premium tax.

 $(Annual premium before tax) \div (1 - provincial premium tax rate) = annual premium after tax. Please select the provincial premium tax rate based on the province or territory of the Manulife group plan member.$

3.00%: Alberta, Northwest Territories, Nova Scotia, Nunavut, Saskatchewan

2.00%: Ontario, British Columbia, Manitoba, New Brunswick, Yukon

3.30%: Quebec

3.75%: Prince Edward Island

5.00%: Newfoundland and Labrador

Example #1 Male, residing in Labrador, age 60 (within six months of new issue date) converting \$30,000 to Permanent Life:
 Annually before tax: \$41.63 × 30 = \$1,248.90 annual premium before tax.
 Annually after tax: \$1,248.90 ÷ 0.95 = \$1,314.63 annual premium after tax.

To calculate the **Monthly** premium for Permanent Life product: Calculate the annual rate and divide by 12. **Monthly**: annual premium \$1,314.63/year ÷ 12 months = \$109.55/monthly

Calculating your premiums for Non-convertible Level Term Life to Age 65 or One-year Convertible Term product:

To calculate the <u>Annual</u> premium for the Non-convertible Level Term Life to Age 65 or One-year Convertible Term product: Rate (see above rate table) × number of (\$1,000) units of insurance + \$50 annual policy fee = annual premium

Example #2 Female /Non-binary, age 62 (within six months of new issue date) converting \$40,000 to One-year Convertible Term product: **Annually:** \$18.85 × 40 = \$754 + \$50 (annual policy fee) = \$804/year

To calculate the **Monthly** premium for Non-convertible Level Term Life to Age 65 or One-year Convertible Term product: Rate (see above rate table) × number of (\$1,000) units of insurance × .0892 + \$6.00 monthly fee = monthly premium Rate $\$18.85 \times 40 = \$754 \times .0892 = \$67.26 + \6 monthly fee = \$73.26 monthly premium
